

Get the best of **both worlds**

Gain access to both coverage and investment benefits with **Guardian Assure**.

GUARDIAN **ASSURE**

The portfolio of benefits offered by **Guardian Assure** includes coverage for protection and critical illnesses. There is also the opportunity to invest in a choice of five Funds to accumulate savings for education, retirement and real estate financing.

The plan's concept is based on the following:

a) Equity-linked, universal life product with increasing cost of insurance throughout the life of the product, and

b) Portfolio Buying - a flexible way of incorporating the distinct and separate benefits of life assurance, living assurance, savings and investments in a single package.

A feature of the **Guardian Assure** is the accumulation of fund value between two accounts namely Investment and Coverage Accounts.

ISSUE AGES

This plan will be issued to males and females ages 0 to 75 years nearest birthday.

MINIMUM SUM INSURED

The current minimum sum insured is $3,500,000. This may be changed from time to time at the discretion of Guardian Life Limited.

ADDITIONAL BENEFITS

For an extra premium, you may add the following benefits to your **Guardian Assure** plan:

1) Waiver of premium
2) Parental waiver of premium
3) Accidental death and disablement
4) Critical Illness Rider
5) Five Year Convertible/ Renewable Term

(See brief description of each Additional Benefit towards the end of this brochure).

PREMIUM PAYMENTS

Your premiums may be paid monthly, quarterly, half-yearly or yearly. Premiums are payable until the death of the Life Insured or the date of surrender. The premiums payable under this plan consist of:

1) The basic premium for the plan
2) Regular additional investment premium
3) The premium for the rider benefits, if taken.

Ad hoc deposits will be accepted at any time.

REGULAR ADDITIONAL INVESTMENT PREMIUM

You will be required to pay a minimum regular additional investment premium of $500 monthly, $1,500 quarterly, $3,000 half-yearly or $6,000 yearly. You may increase your regular additional investment premium at any time.

ALLOCATION OF PREMIUMS

Ninety-five percent of the basic premium will be invested in a separate account called Coverage Account. This account will track the accumulation of value resulting from payment of basic premium and deduction of charges to meet the selected sum assured. Ninety-five percent of the investment premium paid, inclusive of ad hoc deposits, is allocated to your Investment Account to purchase units in the Guardian Life Investment Funds of your choice.

GRACE PERIOD

The grace period is thirty (30) days from the premium due date allowed by the company for the payment of such premiums.

ALLOCATION OF INVESTMENT PREMIUMS TO FUNDS

The Insured Person will be required to state how the investment premiums should be allocated to the Funds.

Investment premiums may be reallocated for a nominal fee.

NON-PAYMENT OF PREMIUMS

Where premiums are not paid within the grace period, units from the investment account will be redeemed to pay premiums. If the value in the Investment Account is insufficient to support the payment, then the policy will lapse. When your policy has lapsed, all benefits thereunder shall cease. The residual value in the Investment and Coverage Accounts (net of the applicable surrender charge) will then be paid to the Insured Person.

PARTIAL WITHDRAWAL

You may encash units from your Investment Account at any time, subject to a minimum encashment of $2,000.

During the first 5 years the withdrawal charge will be either $1,500 or 7.5% of the amount withdrawn, whichever is greater. Thereafter each withdrawal will

attract a charge of $1,500.

RESIDUAL AMOUNT

You will be required to have a minimum value of units of not less than $4,000 remaining in the Investment Account at all times.

SURRENDER BENEFIT

The policy may be surrendered at any time for an amount equal to the total value of the units in the Coverage and Investment Accounts, less a surrender charge. The surrender charge is 40% of Basic Minimum Premium in years 1 and 2 and 25% in year 3. Thereafter the surrender charge will be zero.

DEATH BENEFIT

The amount payable upon death, while the policy is in force, is the Sum Assured plus the value of the units in the Investment Account and Coverage Account less any outstanding charges. If death is by suicide within two years of commencement or reinstatement date of the policy, the death benefit will be limited to the value of the units in the Investment and Coverage Accounts.

INFLATION INDEXATION OPTION

You may choose to increase your Basic Sum Assured on each policy anniversary by any rate within the range of 10% minimum and 20% maximum. You will not be required to provide medical evidence in exercising this option.

Your basic premium will be increased based on the increase in the Sum Assured and your attained age at the time of the increase. No further increase will be granted on the policy anniversary when you become age 65. This option can only be exercised if your premiums are paid up to date and you have exercised the option at least once in the past two years.

The total increase in the Basic Sum Assured, in aggregate, is that which results in the sum assured not exceeding four (4) times the initial Basic Sum Assured. Your regular additional investment premium should also be increased by at least the same percentage selected for increase in the Basic Sum Assured. There is no limit to this increase.

OTHER CHANGES TO YOUR BASIC SUM ASSURED

You may request other changes to respond to your specific needs. This means that with the required medical evidence, you may apply for an increase in Sum Assured in excess of the maximum 20% allowed under the Inflation Indexation Option. You may also request a reduction of your Sum Assured; however, such reduction cannot result in your sum assured being less than the minimum allowed on the policy. Changes to your policy will attract a transaction charge.

ADMINISTRATIVE CHARGE

On a monthly basis, Guardian Life will deduct an Administrative charge from the Coverage Account. This charge may be amended from time to time at the discretion of Guardian Life.
