GUARDIAN LIFE **EVOLUTION**

Guardian Life presents an insurance plan that brings together a portfolio of benefits to satisfy the insurance and savings needs of individuals at different stages of life.

The plan brings two main points of difference to insurance products currently being sold in Jamaica, which are:

a) Equity-Linked Universal Life Product

b) Portfolio Buying – a flexible way of incorporating the distinct and separate benefits of life assurance, living assurance and savings and investments through one product.

Guardian Life Evolution is an equity-linked, universal

life plan. The plan provides a portfolio of benefits which includes coverage for protection and critical illnesses. There is also the opportunity to accumulate savings for your special purpose.

ISSUE AGES

This plan will be issued to males and females ages 0 to 70 years nearest birthday.

MINIMUM SUM INSURED

The current minimum sum insured is $4,500,000. This may be changed from time to time at the discretion of Guardian Life Limited.

ADDITIONAL BENEFITS

For an extra premium, you may add the following benefits to your **Guardian Life Evolution Plan**:

1) Waiver of premium
2) Parental waiver of premium
3) Accidental death and disablement
4) Critical Illness Plan

(See brief description of each additional benefit towards the end of this brochure).

PREMIUM PAYMENTS

Your premiums may be paid monthly, quarterly, half-yearly or yearly. Premiums are payable until the death of the life insured, the date of surrender of the plan or age 100, whichever is earliest. The premiums payable under this plan consist of:

a) The basic premium for the plan
b) Regular additional investment premium
c) The premium for the rider benefits, if taken
d) Ad hoc deposits will be accepted at any time

REGULAR ADDITIONAL INVESTMENT PREMIUM

You will be required to pay a minimum regular investment premium of $1,000 monthly, $3,000 quarterly, $6,000 half-yearly or $12,000 yearly.
You may increase your regular investment premium at any time.

ALLOCATION OF PREMIUMS

Ninety-five percent of the investment premium paid, inclusive of ad hoc deposits, is allocated to purchase units in the Funds of your choice. Where investment premium allocation is not selected, such premiums will be evenly distributed across the Funds.

RE-ALLOCATION OF INVESTMENT PREMIUMS

The insured person will be required to state how the investment premiums should be allocated to the Funds. A re-allocation fee of $300 will be charged for each change.

NON-PAYMENT OF PREMIUMS

Where premiums are not paid within the grace period, units from the Fund will be cancelled to pay premiums. Where premium payment has been discontinued and units in the investment Funds have been exhausted, your policy will lapse. After your policy has lapsed all benefits there under shall cease.

GRACE PERIOD

The grace period is thirty (30) days after a renewal premium is due.

PARTIAL WITHDRAWAL

You may encash units from your investment Funds at any time, subject to a minimum encashment of $2,000. During the first five years the withdrawal charge will be either $800 or 7.5% of the amount withdrawn, whichever is greater. Thereafter, each withdrawal will attract a charge of $800.

RESIDUAL AMOUNT

You will be required to have a minimum total balance of $3,000 in the investment Funds, at all times.

SURRENDER BENEFIT

During the first five years, the amount payable as surrender value will be the value of the units

allocated to the policy based on the bid price prevailing on the date of surrender, less a surrender charge which will be either $2,000 or 7.5% of the surrender value, whichever is greater. Thereafter, the surrender charge will be $2,000.

MATURITY BENEFIT

The plan matures at age 100 for the sum assured plus the accumulated value of the units.

DEATH BENEFIT

The amount payable upon death, while the policy is in force, is the sum assured plus the value of the accumulated units in the investment Funds. If death is by suicide within two years of commencement or reinstatement date of the policy, the death benefit will be limited to the surrender benefit.

INFLATION INDEXATION OPTION

You may choose to increase your basic sum assured on each policy anniversary, by any rate within the range 5% minimum and 20% maximum. You will not be required to provide medical evidence in exercising this option, subject to your policy conditions.

Your basic premium will be increased based on the increase in the sum assured and your attained age at the time of the increase. No further increase will be granted on the policy anniversary of you becoming age 65.

This option can only be exercised if your premiums are paid up to date and you had exercised the option at least once in the past two years.

The total increase in the basic sum assured, in aggregate, on any one policy is that which results in the sum assured being equal to four (4) times the initial sum assured.

Your regular investment premium may be increased at any time. There is no limit to this increase.

OTHER CHANGES TO YOUR BASIC SUM ASSURED

You may request other changes to respond to your specific needs. This means that with the required

medical evidence you may apply for an increase in sum assured in excess of the maximum 20% allowed under the Inflation Indexation Option.

You may also request a reduction of your sum assured, however, such reduction cannot result in your sum assured being less than the minimum allowed on the policy. Changes to your policy will attract a transaction charge.

ADMINISTRATIVE CHARGE

Guardian Life will deduct an administrative charge on a monthly basis. This amount may be changed from time to time.

CHOICE OF FUNDS

Guardian Life Investment Funds

The Guardian Life Funds, which are separately identifiable Funds, are:

1) **Guardian Long Term Growth Fund** which is invested primarily in real estate, Government of Jamaica treasury bills and local registered stocks and equities and may include deposits and cash. The constituent investments and the proportions, in which they are maintained, may be varied by the company from time to time. The value of the holdings will vary from time to time.

2) **Guardian Equity Fund** which is primarily invested in ordinary shares and common stocks quoted on recognised stock exchanges and may include deposits and cash. The constituent investments and the proportions, in which they are maintained, may be varied by the company from time to time. The value of the holdings will vary from time to time.

3) **Guardian Money Market Fund** which is invested primarily in securities issued by the Bank of Jamaica and Government of Jamaica, deposits of selected commercial banks, money market mutual funds and reverse repurchase agreements and may include deposits and cash. The constituent investments and the proportions, in which they are maintained, may be varied by the company from time to time. The value of the holdings will vary from time to time.

4) **Guardian Stabilisation Fund** which is invested primarily in Government of Jamaica treasury bills and local registered stocks, securities issued by the Bank of Jamaica and Government of Jamaica, deposits of selected commercial banks, and reverse repurchase agreements and may include deposits and cash. The constituent investments and the proportions, in which they are maintained may be varied by the company from time to time. The value of the holdings will vary from time to time.

5) **Guardian Foreign Currency Indexed Fund** which is invested in Government of Jamaica Securities primarily denominated in or linked to currencies other than Jamaican dollars and may include deposits and cash. The constituent investments and the proportions, in which they are maintained may be varied by the company from time to time. The value of the holdings will vary from time to time.

Each of these Funds consists of a segregated group of assets which are divided notionally into identical portions called units.
The value of each will be:

a) The market value of the assets in the Fund at valuation, plus

b) Any accrued income not yet credited to the assets of the Fund, less

c) Any amounts borrowed by the Fund with interest, less accrued charges and transfers.

Each unit will be determined by dividing the Fund value by the number of units of the Fund which have been issued at the valuation date.

The benefits of these Funds are not guaranteed but will fluctuate with the market value of the assets of the supporting Fund.

At the end of each calendar month, Guardian Life will declare an annual effective rate of growth of the Stabilisation Fund values during the following calendar month.

VALUATION OF FUNDS

The assets of each fund are valued by the Company at intervals to be determined by the Company, from time to time. Valuation of the Funds will be done no less than monthly. Any mortgage or charge against the assets of the Funds is taken into account in the valuation.

CHARGES AND FEES

The following will be deducted from the Funds:

a) Investment taxes at the rate charged by government

b) Transfer costs, brokers' fees, valuation costs and other expenses associated with the purchase, maintenance and sale of assets;

c) Interest due on amounts borrowed by the Fund

d) A management fee will be levied against the Fund.

The Company reserves the right to vary this fee from time to time. Income from the investments held by the Funds accrues to and forms a part of the Funds. Expenses, interest charges and outgoings in respect of the investments, are debited from the Funds.

CERTIFICATE

Within thirty (30) days of each policy anniversary, the Company will provide to the insured person a certificate showing:

a) The opening balance of the Funds as at the preceding anniversary, if any.

b) The amount allocated during the preceding year to purchase units in the Funds.

c) All amounts accrued to or deducted from the Funds during the preceding year, including charges for taxes, management and other expenses on the policy anniversary.

d) The closing balance of the Funds as at the current anniversary date.

ADDITIONAL BENEFITS

For extra premiums, you may add any of the following benefits to your **Guardian Life Evolution Plan**:

1) **Waiver of Premium**
The waiver of the total basic premiums where the payor becomes permanently disabled and is continuously unable to engage in work for remuneration or profit. The benefit ceases at age 65.

2) **Parental Waiver of Premium**
The waiver of the basic premiums paid for the basic sum assured on the life of a minor, when the parent and payor dies or becomes totally disabled and is continuously unable to engage in any work for remuneration or profit. This benefit ceases when the Life Insured attains age 21.

3) **Accidental Death and Permanent Disablement Benefit**
The Accidental Death and Permanent Disablement benefit becomes payable if the sum assured under your policy becomes payable as a result of death, resulting solely, directly and independently from bodily injury caused by violent, external and visible means and where such death occurred within ninety (90) days of such injury. This benefit ceases at age 65.

Disablement

Guardian Life will pay a percentage of your sum assured if you suffered complete or partial loss of use of any limb or organ, specified in your contract, as a result of an accident, that is any violent, external and visible, unintended or unforeseen event resulting in bodily injury. Permanent Disablement must be clearly

established by an attending medical specialist after six (6) months of loss of use. This benefit ceases at age 65.

4) **New Life Plus Critical Illness Rider**
   - You can apply for the New Life Plus Critical Illness Rider if you are between the ages of 16 and 55 years nearest birthday, both years inclusive.

   - The minimum coverage under the Rider is $500,000, and the maximum coverage is $6,000,000.

     There is a waiting period of 90 days.

New Life Plus Rider Benefit

The Rider provides a lump sum benefit payable on the first diagnosis of any one of the following critical illnesses: Blindness, Coma, Cancer, Heart Attack, Major Burns, Kidney Failure, Paralysis and Stroke.

The New Life Plus coverage is payable where death has not occurred within thirty (30) days immediately following the date of diagnosis. The Rider will then cease to be in force.

PAYMENT OF PREMIUMS

The premium in respect of this rider is payable on the due dates of your **Guardian Life Evolution Plan** until any one of the following:

A. The date of death of the Life Insured

B. The date the Life Insured is diagnosed as having one of the critical illnesses defined in this brochure.

C. The policy anniversary after the Life Insured attains age 65 (hereinafter, referred to as the "expiry date").

DEFINITIONS

Critical illnesses covered under this Rider are limited solely to the following:

BLINDNESS

Total, permanent and irreversible loss of vision in both eyes.
